

The Educational Organization DYNAMIKI based in the Region of THESSALY joined the Action "Entrepreneurship Toolbox: Retailing, Catering, Education and Social services" of the OP. "Competitiveness, Entrepreneurship and Innovation (EPANEK)", NSRF 2014 - 2020 with a total budget of € 60 million (Public Expenditure) and will be distributed equally to companies of the 3 sectors (ie 20,000,000). The Action aims to support existing small and micro-enterprises operating in areas such as: retailing, catering services, private education, daycare and other social services. The total budget is 99.678,00€ € of which the public expenditure amounts to € 49.839.00 and is co-financed by Greece and the European Regional Development Fund of the European Union. The fund is related to the improvement of the education services provided, through the upgrading of the utilized information and communication technologies and the training conditions, as well as energy savings. In particular, the interventions concern the technological equipment, computers, networks, communication systems, as well as the upgrade of the energy, building parameters and educational spaces. The effects of the project are related to:

- Upgrading of educational and administrative spaces
- Technological upgrading of IT facilities
- Upgrading of networks and communication systems
- Improving health and safety conditions
- Internet promotion and improved image of the company
